ATTENDANCE POLICY 4.1070

Students enrolled in the School must attend School regularly in accordance with the laws of the State. The educational program offered by the School is predicated upon the presence and punctuality of the Student and requires continuity of instruction and classroom participation. Attendance affects student academic success. Therefore, every parent is expected to ensure that his/her child attends school every day, arrives on time, arrives ready to learn, and, remains in School for the entire day.

All students are expected to attend School and all school related activities on a regular basis. Attendance need not always be within the School facilities, but a student will be considered to be in attendance if present at any place where School is in session by authority of the Board.

Excessive tardiness, absence or early departure will not be tolerated and may result in school administrators contacting the Department of Jobs and Family Services to report educational neglect.

According to the Ohio law, any student who is absent from school more than 5 consecutive days, seven or more days in a month, or 12 or more days in a year is considered to be "habitual truant" and the school is required to intervene. Students who are consistently tardy, or whose parents remove them from School prior to the end of the academic day, may also require the school to intervene when the school determines the education of the child is being adversely impacted by this pattern of behavior.

Please refer to the complete School Policy 4.1070, which is available on our website at www.constellationschools.com.

PROCEDURE FOR ABSENCES 4.1090

1. A Parent must call the School to inform the School that his/her child or children will be absent from School. This phone call should take place within the first hour that School is in session.
2. If a Parent fails to call the School as prescribed in Part A, School personnel will call the Parent to inform him/her of the Student's absence.
3. In those cases where telephone communication could not be made, School personnel will initiate a written communication to the home of the legal guardian the day of the Student's absence.
4. Students who fail to attend school the day of an after school activity or evening event, may be excluded from the activity/event.

Please refer to the complete School Policy 4.1090, which is available on our website at www.constellationschools.com.

DISMISSAL PROCEDURES

Doors are opened/schools end at 3:30pm.

Students K-2 are dismissed on Worley Avenue.

Students 3-6 are dismissed at the sidewalk on Lansing Avenue.

If there are siblings across grade levels, younger students will report to their eldest sibling's classroom at 3:25pm and will be dismissed at the eldest sibling's corresponding grade level exit area.

EMERGENCY SCHOOL CLOSING 5.2120

When the School is closed for a weather related condition or an emergency, Teaching and Non-teaching staff will not be required to report. Notification will be through the local media, parent notification system, Constellation Schools Website, Facebook Page and Twitter.

1. Weather Related

a. The School will close when the local public school district in which it is located closes due to hazardous weather conditions.

b. If the local public school district closes an individual school building, but not the entire district, due to hazardous weather conditions, then the Principal, in consultation with the Executive Director, will determine whether the School will be closed.

2. Non Weather Related Emergency Closing

a. If the local public school district in which the School is located is closed for a reason other than severe weather or generally hazardous conditions created by the weather, then the Principal, in consultation with the Executive Director, will determine whether the School will be closed.

b. If, prior to the school day beginning, a health and/or safety condition develops in the School building, (i.e. no water, no electricity, no heat, etc.) then the Principal, in consultation with the Executive Director, will determine whether the School will be closed.

Please refer to the complete School Policy 5.2120, which is available on our website at www.constellationschools.com.

EMERGENCY SAFETY DRILLS 5.2100

Emergency drills are held in compliance with the Ohio Revised Code. The drills are planned to provide practice at varying times and under differing conditions. Order and speed are stressed during a drill. No talking is permitted as an emergency situation requires being able to hear directions given by a staff member. The intent is that the response to the signals for emergency drills will become so routine that the procedure will be carried out rapidly, automatically and in an orderly manner to maximize safety for all occupants of the building.

EMERGENCY PREPAREDNESS AND EVACUATION OF SCHOOL BUILDINGS 5.2090

The safety of employees and Students includes preparedness and planning for possible natural and man-made disasters. The Board authorizes a system of emergency preparedness which shall insure that the health and safety of Students and staff are safeguarded.

APPROPRIATE DRESS GUIDELINES 4.2010.7

For this purpose, the Principal may ask the student's parents to bring different clothing to the school, or to remove the child from the premises. Adherence to the dress code is expected from the first day of school to the last. School uniforms must be worn every day and failure to do so will result in disciplinary action. STUDENT CONDUCT 4.2010

The School is a “character education” school in addition to being focused on high academic achievement for children, and we believe it is important to live and practice the values, positive character traits and behaviors that we teach every day. Character development is an essential part of the education that takes place in the school. To ensure an environment conducive to learning we have developed specific rules, regulations, policies and procedures

to provide guidance to (1) students – so that there will be no ambiguity at to what is expected, and, (2) staff – so that when it is necessary to discipline a student, it will be done fairly and respectfully. It is essential that the disciplinary policies and procedures adopted by the Board be consistently applied to all students. All employees are expected to know and enforce these policies and procedures. Disciplinary Policies and Procedures may be amended or modified, from time-to-time, as the Principal deems necessary and/or advisable. Our expectations are as follows:

- Students will respect authority and conform to school rules of conduct
- Students will be respectful of one another
- Students will respect the rights and property of others, including teachers, students, and the school
- Non-violence, peace and concern for one another is the foundation of all school activity
- Each person possesses unique gifts that should be recognized and accepted
- Students will attend school every day, be on time, and be prepared to learn
- Students will comply with the appropriate dress code each day and will present a neat, clean appearance
- Students will exercise self-discipline and self-control in all aspects of school activities
- Students will assist in maintaining an orderly, clean school environment
- Students have an affirmative obligation to report violations of this Code of Conduct or other School policies and rules

Please refer to the complete School Policy 4.2010, which is available on our website at www.constellationschools.com.

DISCIPLINARY ACTION 4.2010.3

Progressive discipline will be utilized whenever possible and appropriate; however, there may be instances where circumstances dictate immediate remedial and corrective actions to protect Students, Staff, or the School. In these cases, the Principal may determine the necessary disciplinary action and the timing of such action.

Please refer to the complete School Policy 4.2010.3, which is available on our website at www.constellationschools.com.

CONDUCT AND/OR BEHAVIOR INFRACTIONS 4.2010.6

All students are expected to conform to the Student Code of Conduct and are subject to the School's disciplinary process when they fail to do so.

Please refer to the complete School Policy 4.2010, which is available on our website at www.constellationschools.com.

ANTI-HARASSMENT, INTIMIDATION AND BULLYING 4.2020.1

The School prohibits acts of harassment, intimidation, or bullying (including cyber-bullying) of any student on school property or at school-sponsored events (any event conducted on or

off School property, including School buses and other School related vehicles, that is sponsored, recognized or authorized by the Board). A safe and civil environment in the School is necessary for students to learn and achieve high academic standards.

Please refer to the complete School Policy 4.2010.1, which is available on our website at www.constellationschools.com.

ANTI-HAZING 4.2020.2

The School prohibits all acts of hazing. Hazing, like other violent and disruptive behaviors, is conduct that disrupts both a student's ability to learn and the School's ability to educate its students in a safe and civil environment.

Hazing or hazing activity means doing any act or coercing another, including the victim, to do any act of initiation into any student or other organization that causes or creates a substantial risk of causing mental or physical harm to any person. For purposes of this Anti-Hazing policy, mental harm means mental stress, anxiety, physical injury, sickness, injury to feelings, humiliation, mental anguish, and/or depression, connected to and arising from the hazing activity. Permission, consent or assumption of risk by an individual subjected to hazing does not lessen the prohibition contained in this policy.

Hazing activities of any type are inconsistent with the educational process and are prohibited at all times, regardless of whether the activity occurs on or off of property owned, used or controlled by the School, so long as the hazing activity is in any way connected to the activities or incidents that have occurred on property owned, used or controlled by the school. This policy will be actively enforced at all times.

Hazing is a violation of School policy separate and distinct from harassment or other prohibited conduct. No student, including leaders of student organizations, may plan, encourage or engage in any hazing activity. Students having engaged in hazing activity and who fail to abide by this policy are subject to disciplinary action including suspension, expulsion, removal or permanent exclusion as set forth elsewhere in this policy manual, and may be liable for civil and criminal penalties pursuant to State law.

Staff are to be particularly alert to possible conditions, circumstances or events, which might include hazing. If hazing or planned hazing is discovered, involved students are informed by the discovering Staff member of the prohibition contained in this policy and are required to end all hazing activities immediately. All hazing incidences are reported immediately to the Principal or his/her designee.

No Staff shall encourage, permit, condone or tolerate any hazing activities, and Staff who fail to abide by this policy may be subject to disciplinary action and may be liable for civil and criminal penalties pursuant to State law. *R.C. 2307.44, 2903.31; 3313.661*

Please refer to the complete School Policy 4.2010.2, which is available on our website at www.constellationschools.com.

GANG ACTIVITY 4.2020.3

The Board believes gangs or gang activity create an atmosphere that seriously disrupts the educational process.

Students are prohibited from engaging in gang activities while at School, on School property, or at School-sponsored events.

As used herein the term “gang” means any ongoing organization, association, or group of three (3) or more persons, whether formal or informal, having as one of its primary activities the commission of one or more criminal acts, which has an identifiable name or identifying sign or symbol, and whose members individually or collectively engage in or have engaged in a pattern of criminal activity.

The term “gang Activity” shall mean any conduct engaged in by a student 1) on behalf of any gang; 2) to perpetuate the existence of any gang; 3) to effect the common purpose and design of any gang; or 4) to represent gang affiliation, loyalty or membership in any way while on School grounds or while attending a School function. These activities include recruiting students for membership in any gang and threatening or intimidating other Students or Staff to commit acts or omissions against his/her/their will in furtherance of the common purpose and design of any gang.

A violation of this policy is grounds for either suspension or expulsion from School.

Please refer to the complete School Policy 4.2010.3, which is available on our website at www.constellationschools.com.

THIRD GRADE READING GUARANTEE AND MID-YEAR PROMOTION 2.2070

A student must reach a minimum proficiency score on the Grade 3 American Institutes for Research (AIR) to move on to fourth grade. If a student does not reach that score, the student may still move on to fourth grade if they qualify for a retention exemption. These exemptions apply to:

- Limited English proficient students who have been enrolled in the U.S. schools for less than three full school years of instruction in an English as a Second Language program;
- Special education students whose IEPs specifically exempt them from retention;
- Any student who has received intensive remediation for two years and was previously retained in kindergarten through third grade; and

STUDENT PROMOTION AND RETENTION 2.2070

The Board recognizes that the personal, social, physical, and educational growth of children will vary, and that they should be placed in the educational setting most appropriate for their needs at the various stages of their growth. Each student will be moved forward in a continuous pattern of achievement and growth that is in harmony with his/her own development. Parent(s) and students are made aware of the instructional objectives, performance standards, and promotion criteria. Periodically during the year teachers shall provide written progress and grade reports. Teachers will also provide evaluation reports to parent(s) and students during teacher-parent conferences. The grading system used to measure student progress toward achieving the predetermined instructional objectives and performance standards is applied consistently throughout the School. All promotion and retention decisions are subject to the third grade reading guarantee requirements.

Please refer to the complete School Policy 2.2070, which is available on our website at www.constellationschools.com.

SEARCH FOR CHILDREN WITH DISABILITIES UNDERWAY

School districts across the state of Ohio are participating in an effort to identify, locate, and evaluate all children from birth through 21 years of age who may have disabilities. Disability, in this instance, means such conditions as hearing impairments, visual impairments, speech or language impairments, specific learning disabilities, emotionally disturbed, multiple disabilities, mental retardation, other health impairments, physical impairments, autism, and traumatic brain injury. Public schools have responded vigorously to federal and state mandates requiring the provision of a free appropriate public education regardless of a child's disability. Before school districts can serve children, they must be found. Many children with disabilities are preschoolers. Parents may not be aware their child has a disability or that there are programs and services available. All information collected will be held in strict confidence and released to others only with parent permission or as allowed by law. For example, the school district will send records on request to a school district or other educational agency in which a student intends to enroll. The parents may have a copy of those records upon request. The school district will keep a record of all persons who review confidential records with the exception of authorized school employees, or other educational agency personnel. The school will also maintain a list of those employees who may have access to records.

IDEA MODIFICATION

This Constellation school provides educational service to disabled students utilizing funding from the federal government through, IDEA Part B to enhance the basic program. Public comment on the use of these funds is welcome.

HOME SCHOOLER NOTICE

This Constellation school is a community school established under Chapter 3314 of the Revised Code. The school is a public school, and students enrolled in and attending the school are required to take state mandated assessments and other examinations prescribed by law. In addition, there may be other requirements for students at the school that are prescribed by law. Students who have been excused from the compulsory attendance law for the purpose of home education as defined by the Administrative Code shall no longer be excused for that purpose upon their enrollment in a community school. For more information about this matter, contact the school administration or the Ohio Department of Education.

NON-DISCRIMINATION 2.1070
